MINE-X® CATALYTIC MUFFLERS

KEY FEATURES & BENEFITS

Reasons to Buy MINE-X®

Create new sales opportunities by making your equipment more workplace and environmentally friendly. A MINE-X® catalytic muffler dramatically reduces carbon monoxide (CO), hydrocarbons (HC) and exhaust irritants. The MINE-X® catalytic muffler is easy to install since it is an exact replacement for the original muffler and it is guaranteed to fit on your machine, whatever the model, old or new.

Increased Versatility & Safety

- ✓ Equipment can operate longer indoors
- ✓ Helps achieve compliance for strict emission regulations

Quick and Easy Installation

- ✓ No exhaust system modifications needed
- ✓ Reduces costly equipment down time
- ✓ Reduces expensive installation time

Unmatched Durability

- ✓ Heavy-duty designs and superior workmanship
- ✓ Long life and durability provides greater long-term savings

Maintenance Free

- ✓ Maintains workplace productivity
- ✓ Maintenance and trouble free

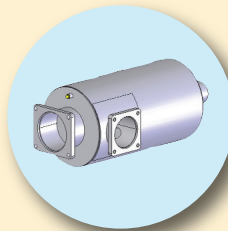

Lowest Back Pressure

- ✓ Lowest exhaust flow restriction of any purifier
- ✓ Lowest power loss or engine stress

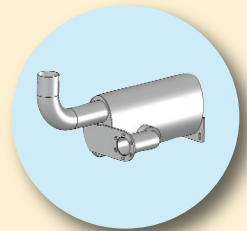

Direct Fit Designs

- ✓ Available for all models and types of equipment
- ✓ A complete range of direct fit catalytic mufflers
- ✓ Most designs ship in 3-5 days

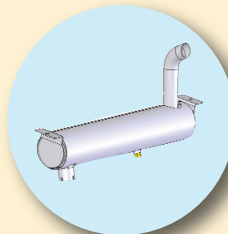

MINE-X® Catalytic Muffler Custom Designs

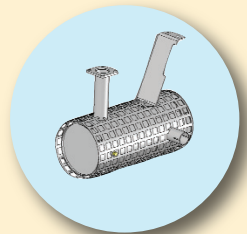

19C0-MD fits on a Komatsu D85E-21 Dozer

113C-MD fits on a Caterpillar CS563E Compactor

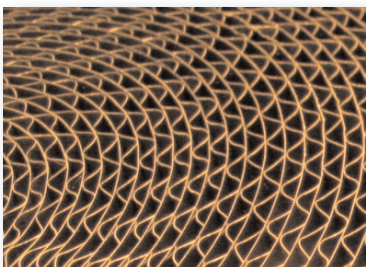

2787 fits on a Bobcat S100 Skid Steer

37A2-MD fits on a John Deere 2030 Gator

BRAZED STAINLESS STEEL HONEYCOMB

Each MINE-X® catalytic muffler contains a brazed stainless steel honeycomb, which eliminates the possibility of cracking or telescoping inside the muffler.

Typical MINE-X® Catalytic Muffler Conversion Efficiency
